

Legacy Tree Ordering Information

*T*o celebrate the college's 125th anniversary, and to ensure that southwestern's campus is as beautiful in the future as it is now, the college is asking our alumni and friends to support an effort to plant 125 new Legacy trees throughout our campus by our 125th birthday in the fall of 2010.

For almost a century rugged cedars and arborvitae have grown on the college's hill and the surrounding campus. Many of these trees are now dying and need to be replaced. With careful planning and a gradual approach, the beauty of the campus can be maintained and enhanced as these trees come down. New plantings are needed as well, near new residence halls and apartments, on the SC Hill east of Sonner Stadium, and in other key areas.

The Legacy tree program will support removal of trees, landscaping, and planting of new trees over the next five years. For a gift of \$2,000 individuals or organizations may plant a Legacy tree. Donors to the program will be recognized on a Legacy tree plaque. Memorials, dedications, and similar messages will be displayed on the Legacy tree plaque on campus.

Legacy Trees offer a wonderful way to celebrate your connection with Southwestern College, memorialize a friend, or honor a loved one.
