Picture

Don't forget we moved the Campus Player picture to this Saturday so that we will be able to take it at the Campus Player Rock. Wear your hoodies and purple next Saturday!

Constitution Changes

If anyone can think of any other major changes they would like to see in Campus Players please contact a member of the executive team. What we named in the meeting was: 1) to make sure to uphold the reputation of campus players at all times and to show that in class, performances and rehearsals and to implement an consequence if it occurs. 2) to make sure personal judgments are taken out of voting in new members both positively and negatively. 3) "New Threads" 4) Adding some "Friends of Campus Players" concept.

From the Desk of Roger

It was really exciting to go to Wichita Community Theatre with 7 students and 2 alumni to see the show, which included Campus Player and Horsefeathers and Applesauce alumni, and see the quality of work and see the quality of work and have audience members there besides us that were so proud of our students and their work and comparing that production to the Southwestern production. Just so proud of our students and alumni. And so much fun!
