

June 7 - One more day before the concert. Dedicated practice, more fun with festival friends, Drum Circle and Jazz Night are ahead on our schedule!

All instruments benefit from improvisation skills.

Improvisation takes much concentration whether an electric bass player or a violinist. Know your scales!!

What can be more fun than Summer Music Festival at Southwestern College?!

Drum Circle!! I look forward to it every day!

Counselors and Festival Participants join together.

A different beat with each combination.

We guide by our steps! Dancing is part of the drum circle.

Jazz Night with the faculty Jazz Combo! An hour of all styles of jazz. A great demonstration of communication.
