Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

- >> [Teachers Prepared by Academic Major](#)

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2018-19.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

What are CIP Codes?

No teachers prepared in academic year 2018-19

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2018-19. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#); [§206\(b\)](#))

Program Assurances

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes
 No
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Southwestern College offers a graduate level alternative licensure degree program which focuses on the pedagogy and instructional practices most beneficial to success in the classroom. Students in the alternative licensure program must meet specific eligibility criteria as set by the Kansas Department of Education. Once hired by a school district to teach and granted a restricted license to teach, students enrolled in this alternative pathway experience a combination of rigorous coursework parallel to and in conjunction with their full-time teaching assignment. Program outcomes align with the identified needs of local education agencies, the needs of schools, and address the instructional decisions new teachers face in the classroom. Course work includes helping students understand and meet the needs of diverse student population through exposure to diversity, special education, and classroom management. Approximately 60 hours of mentoring and induction support are provided annually to students in the alternative pathway through an assigned experienced mentor teacher who also teaches in the same content area and through a college faculty supervisor. Data collected from those participating in the restricted licensure program, as well as data collected during supervised clinical field work and classroom teaching experiences

indicate Southwestern College alternative licensure students are successful in meeting the assurances as listed.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

Please note that the goals you set last year are not pre-loaded into your report because the Department's changes to wording of the questions in this section make them incompatible for pre-loading from last year's data. Next year, your goals will be pre-loaded into your report based on the goals you enter this year.

In order to complete this section, you may find it helpful to review your goals in your 2019 report. Report Progress on Last Year's Goal (2018-19)

1. Did your program prepare teachers in mathematics in 2018-19?

If no, leave remaining questions for 2018-19 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

The goal of the Southwestern College Teacher Education program was to add 1 prospective teacher of mathematics in 2018-19.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

This program serves a very limited number of students and enrollment in the program has not been at a level anticipated when the program was originally approved. This is in part to a limited number of candidates interested in pursuing an education degree and teaching license after obtaining another undergraduate degree. Southwestern College is a small, private college in a rural setting and competes in offering this type of program with large, State-funded universities. As such, the education division has limited ability to attract students into this program, and less ability to increase numbers specific to mathematics instruction.

Report Progress on Last Year's Goal (2018-19)

1. Did your program prepare teachers in science in 2018-19?

If no, leave remaining questions for 2018-19 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

The goal of the Southwestern College Teacher Education program was to add 1 prospective teacher of science in 2018-19.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

The Southwestern College alternative certification program serves a very limited number of students and enrollment in the program has not been at a level anticipated when the program was originally approved. This is in part to a limited number of candidates interested in pursuing an education degree and teaching license after obtaining another undergraduate degree. Southwestern College is a small, private college in a rural setting and competes in offering this type of program with large, State-funded universities. As such, the education division has limited ability to attract students into this program, and less ability to increase numbers specific to mathematics instruction.

Annual Goals: Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

Please note that the goals you set last year are not pre-loaded into your report because the Department's changes to wording of the questions in this section make them incompatible for pre-loading from last year's data. Next year, your goals will be pre-loaded into your report based on the goals you enter this year.

In order to complete this section, you may find it helpful to review your goals in your 2019 report. Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes
 No

- b. use technology effectively to collect data to improve teaching and learning

Yes
 No

- c. use technology effectively to manage data to improve teaching and learning

Yes
 No

- d. use technology effectively to analyze data to improve teaching and learning

Yes
 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Alternative licensed teachers are required to use a variety of technology applications in course work when submitting assignments, projects, and teaching activities. Additionally, students complete and submit lesson plans in various courses which require incorporation of technology to meet NET-S standards. Because students enrolled in the Masters of Teaching alternative licensure pathway are employed to teach full-time in the classroom, these students are required to use the technology necessary to be successful within the district they are assigned to teach. In order to complete assigned course work, a variety of software and technology applications are explored and used by students when completing assignments and making presentations. During the last semester of this program, a teacher work sample is completed which requires teachers working under a restricted license to collect, manage, analyze, and present data addressing the performance of and growth in student learning. Data analysis experiences are facilitated by college faculty, mentor teachers, and as required to meet building and/or district data collection and analysis requirements. As part of their full-time teaching duties, students access school-based technologies that include the use of web-based software products that allow pre-service teachers to present and manage data for purpose of communication to children, their parents, and the larger school community.

Teacher Training

>> [Teacher Training](#)

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

All students enrolled in the Southwestern College alternative program must take and pass Introduction to Special Education. This course is designed to provide a solid grounding in understanding the developmental and learning characteristics of students with all types of exceptionalities. The contemporary concepts and evidence-based practices necessary to prepare special educators for teaching students with disabilities will be presented to students. Course content includes the philosophical, historical, and legal foundations of special education and ensures an understanding of the mandate to provide students with appropriate access to the general education curriculum. Important ideas around least restrictive environment, accountability, inclusive practices, professional collaboration and response-to-intervention are integrated. Additionally, because students in this alternative program are working under a State-provided restricted teaching license, they are working with students with exceptionalities on a daily basis. In addition to implementing pedagogy and instructional strategies to meet the needs of diverse learners, students in this program also work collaboratively with special educators assigned to serve students within their classrooms.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Students in the Southwestern College alternative pathway are earning this degree while working under a restricted license and teaching full-time. As a full-time educators, students are required to participate as a member of individualized education program teams as part of their regularly assigned building duties.

c. Effectively teach students who are limited English proficient.

Students in the Southwestern College alternative pathway are earning this degree while working under a restricted license and teaching full-time. As a full-time educators, students are required to meet the needs of all learners which includes effectively teaching students who are limited English proficient. Students in this program have an assigned mentor teacher who works in the same content areas as the student. This mentor helps the student adjust lesson plans to better meet the needs of diverse learners. Additionally, students are required to take content area literacy which helps students develop instructional strategies to address limited English proficient students.

2. Does your program prepare special education teachers?

- Yes
- No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities*

c. Effectively teach students who are limited English proficient.

The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Southwestern College students enrolled in the alternative licensure program receive a Master's of Arts in Teaching from Southwestern. Students enrolled in this alternative licensure program are K-12 teachers with full-time responsibilities as the instructor of record. The district or building assigned mentor teacher and college supervisor assist to integrate the teacher as a team member supporting all learners. Offering this program at the advanced level provides rich, intellectually diverse learning experiences that address the needs of the local education agency in which they are employed.
