APPLICATION PROCEDURE --- DEADLINE: Friday, April 13, 2018

1. Please provide a statement of your educational plans, including program of study, nature and purpose of foreign study, not to exceed five typed, double-spaced pages. The Pearson Fellowship Board is disinclined to fund straight-forward language studies. Committee members are looking for research projects that link to the core objectives of the Pearson Fellowship Fund which are the furtherance of scholarly study abroad to promote a global community.
2. Provide a financial summary of your proposed studies which includes estimated expenses and available resources. Clearly indicate the sum you are requesting from the Pearson Fellowship fund. The average stipend awarded is \$3,000. More funding may be available depending on the length of the projects, which normally range from 3 – 15 months.
3. Attach official academic transcripts for ALL of your collegiate credits.
4.
 - a. Provide reference letters from two professors familiar with your academic work.
 - b. Provide a letter of endorsement for your Pearson project from your undergraduate or graduate (graduate preferred) adviser.
5. Return this application and supporting information to the address provided on the front page.
