Officer reports:

President Chloe Manly: Nothing at the moment.

Vice President Daegiona: People in the communication department felt like they are lacking equipment.

Vice President of Organizations Eric Farbes: Nothing at the moment.

Vice President of Communications Brandon Murphy-Ward: Talked about the new streaming service replacing cable. Free of cost for students. Every student can record up to 20 hours. It like direct tv with live shows and movies. Have to be connected to SC Wi-Fi. Southwestern will have their own streaming channel. It is possible to add channels and take out some. We might have students fill out a form to know what channels are good and what are bad. Won't hurt the Wi-Fi speed.

Vice President of Student Concerns Caleb Helsley: Update the tour to all building for students coming to visit.

Committee reports:

Natural Science/Math Senators Faith Smith and Jasmin Hauska: Maybe replace the empty fish tanks in Beech with a study area or something else. They aren't in use and something should be done.

Freshman Class President Sommara Hunter: Freshman guys in Wallingford want trashcans in the hallways and new washing/drying machines. The washing and drying machines in Reid and Broadhurst are also having problems. Mostly all laundry machines need updated.

Sophomore Class President Cierra Harrison: The handicap button's leading to the café are not working and we have elders in Winfield that come and eat. Earlier today an elder couldn't get through the door and was hit by it. There are away games on the day of homecoming and we would like them to be switched.
