

INTERESTS

What are your passions? What are your skills? What are your interests?

Ways to find out your interests:

Inventories and Self-Assessments	
Kuder 	<ul style="list-style-type: none"> • Resume Builder • Career Inventories • Interest Inventories • O*Net Database Access • Research careers and salaries
When Taking Inventories...	<ul style="list-style-type: none"> • Be honest with yourself • Can retake inventories again • Keep in mind that interest change overtime • Your inventory can change from Freshman year to Senior year

Why are knowing your interests and skills important? – When you decide on your career path you want to make sure it aligns with your interests, values and skills you possess. You are choosing a career path that hopefully sparks your passion and will bring you happiness in your work life balance.
